

REGIONAL ECONOMIC STRATEGY
FOR SOUTH WEST ENGLAND
2006 - 2015

REFERENCE GUIDE
MAY 2006

South West
England

The Regional Economic Strategy consists of the STRATEGY document and DELIVERY FRAMEWORK.

These are supported by six documents that provide further detail or background information: EVIDENCE BASE, SPATIAL IMPLICATIONS, STRATEGIC CONTEXT, REVIEW OF RES DELIVERY, CONSULTATION SUMMARY. These are all available from the South West RDA website on www.southwestrda.org.uk/res2006

INTRODUCTION

This Reference Guide has been developed to aid navigation around the revised Regional Economic Strategy. It provides information on where issues and organisations are referenced within the Strategy, Delivery Framework, and supporting annexes.

The first half of the guide highlights specific issues within the document. The second half shows where some of the key organisations involved in the delivery of the RES are referenced.

Given the amount of information across the seven documents, and the need to keep this document manageable, it has not been possible to reference *every* issue and *every* organisation included in the strategy. The inclusion or non-inclusion of any issue or organisation within this document should therefore not be seen in any way as an indication of priority or importance.
